Peace is something that is required by every single living human being on the face of this earth. No holds barred. It does not matter what culture, it does not matter what religion, it does not matter what politics—everybody on the face of this earth wants to have peace.

Maharaji

The youth of Kolkata introduced Maharaji's message in several colleges and universities around Kolkata under the self discovery programme.

More than 25 weeks the self discovery program has been screened in 35 institutions and reached more than 4000 students. Many requested to listen to Maharaji in person.

It is an opportunity to listen to Maharaji in person and explore the possibilities of peace in your life. Come, feel the Experience.
